

The one time they
finally eat their
vegetables...

You can barely get them to look at their vegetables at home, they just had to expand their taste buds while you're on vacation didn't they?

From all of us at Mercy General Health Partners, *welcome to the lakeshore*. The backbone of Mercy General Health Partners is local, skilled leadership teams—physicians, nurses and technicians—ready and available for any close calls during your visit. The Mercy Emergency Center is open 24 hours a day for acute medical emergencies. The Oak Medi Center specializes in the treatment of small cuts, scrapes and bruises, minor sprains, infections, and bug and animal bites. With complete care always on hand, Mercy General Health Partners treats you like family.

WE CARE. WE PROMISE.
